Navigating Change: Points of Inflection for Business Owners in the Coming Months

Join us for an exclusive business owner event where we delve into the critical inflection points shaping the next 12 months of business landscape. In this session, seasoned experts will dissect pivotal areas demanding your attention, insight, and strategic action. From tax law changes to technological security advancements, M&A shifts to the evolving CRE landscape, we'll equip you with the tools needed to navigate these inflection points successfully. Don't miss this opportunity to gain invaluable insights, network with industry peers, and fortify your business for the challenges and opportunities ahead.
